DETAILED ACTION

Abstract

1. The abstract of the disclosure is objected to because legal phraseology such as "**comprise**" is used. Correction is required. See MPEP & 608.01(b).

Double Patenting

2. **Claims 1-20** are rejected under the judicially created doctrine of obviousness-type double patenting over **claims 1-27 of U. S. Patent No. 6,627,532 B1**, since the claims, if allowed, would improperly extend the "right to exclude" already granted in the patent.

The subject matter claimed in the instant application and similar language recited in the patent claims obviously depict a similar method having either same steps and/or same materials, and such is also disclosed in both the patent and the instant application.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Cheung'929, Gaillard'119, Cheung'115, are cited as of interest.
4. A shortened statutory period for response to this action is set to expired 3 (three) months and 0 (zero) day from the date of this letter. Failure to respond within the period for response will cause the application to become abandoned (see 710.02 (b)).
5. Any inquiry concerning this communication on earlier communications from the examiner should be directed to David Nhu, (571)272-1792. The examiner can normally be reached on Monday-Friday from 7:30 AM to 5:00 PM. The examiner's supervisor, David Nelms can be reached on (571)272-1787.
